

## **DOT QPL 36 LIST VENDOR MEETING**

**March 12, 2014**

**Macon, GA**

Mr. Brent Dykes opened the meeting with an explanation of the historical process of creating and updating the Manual for Erosion and Sediment Control in Georgia. He also explained the reasoning behind the Commission Board's decision to reopen the public comment period.

Mr. Dykes turned the meeting over to Ms. Lauren Zdunczyk. Ms. Zdunczyk gave a PowerPoint presentation which further explained the process used for rewriting the Manual. She also explained the grant process and the forming of the Technical Advisory Committee.

Ms. Zdunczyk then turned the discussion over to Mr. Ben Ruzowicz. Mr. Ruzowicz gave a presentation explaining the testing procedure details. He also discussed the various tests that were selected for measuring performance standards.

Following the presentation, the group asked a series of questions. (Please see attached document.)

At the end of the meeting, Mr. Dykes provided all meeting participants with both his phone number and email address. He urged the attendees to contact him with any questions, concerns, or suggestions they may have.

The meeting was adjourned.
