

## Gwinnett SWCD joins other agencies for Gwinnett County Schools Career Fair

On October 15, the Gwinnett SWCD partnered with NRCS, UGA Extension, Feed Gwinnett and Sanders Wildlife at the Gwinnett County Schools Career Fair. Chairman Ellis Lamme and Conservation Manager Jennifer Standridge informed students about the jobs available in the natural resource field and shared information with them about the Natural Resources Conservation Workshop. Other partners shared information about their programs as well as employment, internship and volunteer opportunities. The fair was held at Discovery High School and was a huge success with over 400 people in attendance.
