

Jeff Davis County Farm Day

Georgia Soil and Water Conservation Commission personnel along with Georgia Association of Conservation District personnel attend Farm Day in Jeff Davis County. The Farm Day is attended by 750 children K through 2nd grade. The children learned the importance of septic tank systems and the items that should and should not be "flushed".

A special thank you goes out to Dr. Gary Hawkins of UGA for allowing us to use his "Potty" game. Pictured above above, GSWCC CRM, NancyAnne Conner, GSWCC Admin Assistant Christi Brantley, and GACD RPM, Katelyn Poppell.
