

# *Micro-Irrigation Workshop*

for Small and Beginning Farmers at

## *Washington Farms*

Are you a **small, beginning or sustainable farmer** interested in **water conservation and efficiency**? If so, please attend this workshop to learn about tools that you can use to streamline the water usage on your farm. John Washington, owner of Washington Farms, will be on hand to share his experiences and the Natural Resources Conservation Service area staff will discuss current cost-share programs.

## **Wednesday, September 14, 2011**

**Program to begin at 9:30 AM**

**R.S.V.P. by September 12, 2011 to 706-552-4479**

*Washington Farms is located at 5691 Hog Mountain Road,  
Bogart, Georgia 30622*

*Funded through an outreach grant to the Oconee River Soil and Water Conservation District from the United States Department of Agriculture, Natural Resources Conservation Service*
