

**ROOSEVELT SOIL & WATER
CONSERVATION DISTRICT**

Annual Report

June 2023 - July 2024

About the

Roosevelt Soil & Water Conservation District

Founded January 23, 1980, we are a legal subdivision of Georgia state government that works to **conserve, improve, & protect Georgia's natural resources.**

We proudly serve the counties of :

Meriwether and Troup

We are charged by the State Constitution to help support citizens with managing & improving natural resources.

Our Partners

Natural Resources Conservation Service (USDA-NRCS)
Georgia Association of Conservation Districts (GACD)
Georgia Department of Natural Resources (GA DNR)
Georgia Forestry Commission
Georgia Soil and Water Conservation Commission (GSWCC)
UGA Extension & 4-H
FFA
Two Rivers RC&D, Local County & City Governments
and School Systems

We work with the above agencies and others along with non-profit organizations to implement conservation practices in our community.

Two Rivers RC&D. Two Rivers RC&D
rents the no-till drills.**

No-till Grain Drill RENTAL

Improve your soil and save money by farming in an environmentally friendly manner!

The Roosevelt Soil and Water Conservation District is composed of Meriwether and Troup Counties. This area is located in West Central Georgia and comprised of approximately 605,440 acres of which 20,203 are water acres. The main source of income in this area comes for livestock operations and timber production. The largest city in the District is LaGrange, which is also headquarter of the Roosevelt Soil and Water Conservation District.
