Eligibility Requirements for Level II Trainers and Instructors

Please submit the completed application at least 60 days prior to the scheduled Trainer/Instructor course date.

Level II (Introduction to Design Seminar) trainers and instructors shall meet at least the following minimum requirements:

- i. Education: A four-year college degree in engineering or natural sciences, or in lieu of a four year college degree, five years of professional licensure in the field of engineering, architecture, landscape architecture, forestry, geology or land surveying or as CPESC.
- ii. Experience: Five years of experience in the field of erosion and sediment control. Where years of professional licensure or CPESC serves in lieu of four-year college degree, ten years experience in the field of erosion and sediment control shall be required.
- iii. Approval by the Conservation Commission and Stakeholder Advisory Board.

Certification Requirements

- i. Once approved by the Conservation Commission, applicants must register and attend a Conservation Commission posted and approved "Level II Trainer and Instructor Seminar"
- ii. Obtain a passing score of 85% on the Level II Trainer and Instructor Certification Exam.

About the Application

- a) Any Person seeking the Conservation Commission's approval as a Trainer/Instructor to present the education courses must submit this application to the Conservation Commission at least 60 days prior to the scheduled Trainer/Instructor course date.

**Georgia Soil and Water Conservation Commission
Education and Certification Program
P.O. Box 1665
Athens, GA 30603-1665**

- b) Incomplete applications will be returned to the applicant. All applications must be received by the Conservation Commission, postmarked at least 60 days prior to the scheduled course date.
- c) All applications will be reviewed by the Conservation Commission to determine eligibility for course attendance and as a pre-requisite for approval as a qualified trainer/instructor. All applicants may appeal the review in writing to the Conservation Commission Board within 10 days of the Conservation Commission's determination. No applicant will be approved to attend the course unless all the requirements are satisfied.
- d) Applicants, who have been found ineligible to attend the course, may request further consideration by submitting a letter to the Conservation Commission Board with the necessary evidence of additional considerations.

Certification Statement

I hereby certify that I fully understand the eligibility requirements for the Level II(Introduction to Design) Trainer/Instructor. The information submitted on this application is, to the best of my knowledge and belief, true, accurate and complete. I am aware that submitting false information may result in denial of certification.
