Eligibility Requirements

Course and Exam: Level 1B Fundamentals (Certified Personnel) certification will take place upon completing at least 60 days of work experience in the field of erosion and sediment control, registering for and attending a Conservation Commission approved and posted "Advanced Fundamentals Seminar" (Level 1B), submitting the appropriate certification application form and obtaining a passing score of 70% on the Level 1B certification examination. In lieu of 60 days of work experience, an individual may obtain Level 1A certification.

Exam Only: Level 1B Fundamentals (Certified Personnel) certification will take place upon completing at least 60 days of work experience in the field of erosion and sediment control, registering for and attending a Conservation Commission approved and posted Level 1B examination date, submitting the appropriate application form for review and approval by the Conservation Commission, providing proof of attendance from a Conservation Commission "Fundamentals of Erosion and Sediment Control Workshop" or equivalent Conservation Commission approved course within 3 years prior to the examination date, and obtaining a passing score of 70% on the Level 1B certification examination. In lieu of 60 days work experience, an individual may obtain Level 1A Certification.

Certification Statement

I hereby certify that I fully understand the eligibility requirements for Level IB: Fundamentals certification. The information submitted on this application is, to the best of my knowledge and belief, true, accurate and complete. I am aware that submitting false information may result in denial of certification.
