

DATE:
TO: Central Savannah River RC&D Council Members and Partners
FROM: Joseph M. Riley RC&D Council President
SUBJECT: Special Project

The Central Savannah River RC&D Council in partnership with the Natural Resource Conservation Service received a Conservation Incentive Grant for the purpose of incorporating fertigation/chemigation practices into existing center pivot irrigation systems. The special grant funds are available in the Central Savannah River RC&D Council Area which includes the following counties: Bullock, Burke, Candler, Columbia, Glascock, Jefferson, Jenkins, Lincoln, McDuffie, Richmond, Screven, Warren, and Wilkes. .

Attached you will find the guidelines and application. Please share this information with any of your producers who you think would be interested in this special project.

Please call the Central Savannah River RC&D Office if you have any questions or need any additional information.
