

EROSION, SEDIMENTATION, and POLLUTION CONTROL PLAN DEVELOPMENT

AND

NPDES GENERAL PERMITS

UPDATE WORKSHOP

MARCH 27, 2013

8:30 AM TO 12:30 PM

Julian Smith Barbeque Pit and Meeting Hall

87 Milledge Road, Augusta, GA

4 FREE HOURS
GSWCC Level II
Re-Certification Credits
If Eligible

This workshop will provide updates on Erosion, Sedimentation, and Pollution Control Plan Development as well as provide an update on the National Pollutant Discharge Elimination System General Permits. Information will be provided by Georgia Department of Natural Resources, Environmental Protection Division personnel and the Georgia Soil and Water Conservation Commission personnel. If you have any questions about this workshop, please contact Rahn Milligan at (912) 681-5241.

Directions: From Downtown Augusta, go west on Broad Street to Milledge Road. In the 2200 Block, turn right onto Milledge Road and the meeting hall is a rustic log facility on the left approximately 1/2 mile from Broad Street overlooking Lake Olmstead.

From I-20, exit east on Riverwatch Parkway and travel toward downtown Augusta, approximately 4 miles. Exit St. Sebastain Street to the right and turn west onto Broad Street at the first traffic light. Travel west on Broad to the 2200 block and turn right on Milledge Road. The facility will be a rustic log facility located on the left hand side of Milledge Road approximately 1/2 mile form Broad Street.

For Assistance with directions, contact David Smith at (706) 831-5869
