**Georgia Multicultural  
Sustainable Agriculture  
Conference**  
September 17, 2013

*Organizing all the facets of a successful conservation plan can be a difficult task for producers. Don't you wish there were apps that you could download to receive all of the information that you need?*

*The Multicultural Sustainable Agriculture Conference series provides 'hands-on' training to teach producers how to improve their operations by utilizing federal, state and local programs. Think of this training as an 'agriculture app for your conservation tablet.'*

## **Georgia Multicultural Sustainable Agriculture Conference**

*A conference series for beginning and established multicultural farmers*

*Conference participants will attend sessions on how to become eligible and apply for USDA Farm Bill Programs, developing a farm business plan, soil and plant resources, developing a successful conservation plan, risk management, best management practices, how to grow International/ethnic foods and food safety.*

**Tuesday, September 17, 2013 8:00 am- 4:00 pm**  
**Gwinnett Center, 6400 Sugarloaf Parkway, Duluth, GA 30097**  
**Registration Fee (includes lunch): \$20**

**To register, visit**
