## MEETING ANNOUNCEMENT

A meeting of the Linear Project Committee is scheduled for Tuesday March 13, 2018 at 1:00-3:30 PM in the Department of Natural Resources Board Room, located at 2 Martin Luther King, Jr. Drive, SE, Suite 1252 East Tower, Atlanta, GA 30334.

The formation of the Linear Project Committee was announced in a meeting in December 2017. The purpose of the Committee is to form a section in the Manual for Erosion & Sediment Control (Green Book) that will provide uniformity between the Green Book and the Georgia Department of Transportation (GDOT) specifications. Enhanced uniformity will bridge the gap between the required specifications of the GDOT and the Georgia Soil and Water Conservation Commission (GSWCC) to establish consistent specifications relating to linear projects.
